You’ve found the perfect match to every kind of fun. But remember that Jazz fits so much more than just belongings. It carries those invisible-but-important big things in life. So come and load this space with laughter, adventure and stories you’ll tell for a lifetime.
Your Big Delight.

Happiness is having a Jazz by your side. With style and a sparkling personality to match, Jazz attracts the young and youthful-at-heart to live life to the fullest.

Front Bumper
Redesigned to give a streamlined new look, the bumper is breathtaking to behold.

Smart Entry
Enter the car effortlessly without having your key in hand.

LED Daytime Running Lights (DRL)**
Energy-efficient LED DRL are illuminated in the daytime to enhance your car’s visibility to other drivers.

Tailgate Spoiler
Make a style statement with a sleek Tailgate Spoiler and integrated third brake light.

Rear Combi Lights
Striking and sporty, the rear lights are made with long-lasting LED lights.

Multi-Angle Reverse Camera**
Ease into parking spaces confidently, with a choice of three angles from the reverse camera.

Alloy Wheels
Two stellar wheel designs for the Jazz will set your heart spinning with delight.

15-inch Alloy Wheels S, E & Hybrid variants
16-inch Dual Tone Wheels V variant

** E, V & Hybrid variants only. Actual model may vary in detail from image shown. Specifications may vary in detail from images shown and are subject to change without prior notice. Features also vary according to the different variants available.
For a more engaging driver experience, reach for the Paddle Shift to swiftly kick the gear up or down a level.

Cruise Control
Set your car to auto pilot by selecting a cruise speed and letting your Jazz do the rest.

ECON Mode
Conserve fuel by activating ECON Mode as you drive.

You don’t have to choose between an exhilarating drive and fuel economy. The best of both worlds is found in the EEV certified Jazz. With Honda’s Earth Dreams Technology™, fuel economy scores an amazing 5.8L/100KM*.
Your Big Bliss.

Jazz is the only hatchback that makes creative use of space with ULTRA Seats. Flip them into various modes to fill Jazz with your dreams, whatever they may be.

**Refresh Mode**
Recharge yourself by reclining the front seats to create a lounge-like setting in which you can stretch your legs.

**Long Mode**
Long objects are no longer a problem. Simply recline the front passenger seat and lower the rear seat to make room.

**Tall Mode**
Flip the rear seats up to create more floor to ceiling space to fit tall items such as plants and furniture.

**Utility Mode**
Expand your boot to accommodate a bicycle or other bulky items by flattening both rear seats.

**Unique Centre Tank Layout**
Unlike other cars, Jazz has a fuel tank in the centre of the car, which allows for versatile loading space from different angles. Now that's clever design at work!

**One Action**
An effortless touch folds and reclines the front and rear seats for more space.

Actual model may vary in detail from image shown. Specifications may vary in detail from images shown and are subject to change without prior notice. Features also vary according to the different variants available.
**Half Leather Seats***
A combination of smooth leather and smart-looking pinstripe fabric.

**Fabric Seats***
An elegant geometric pattern marks a new design for the fabric seats.

**Glove Box**
Keep your essentials within handy reach with this large storage compartment.

**9 Cup Holders****
There's room for everyone's favourite beverages with the Jazz's generous amount of cup holders.

* V variant only.  *** S, E & Hybrid variants only.  **** S variant only.  Actual model may vary in detail from image shown. Specifications may vary in detail from images shown and are subject to change without prior notice. Features also vary according to the different variants available.
Welcome to the driving seat of fun. Jazz is filled with tech innovations you'll never get tired of playing with.
6 Airbags* Protection for the people you love comes from Dual Front SRS Airbags, Side Airbags and Side Curtain Airbags.

Vehicle Stability Assist (VSA)** Stay on track with the help of VSA, an advanced safety technology which reduces understeer or oversteer around tight corners.

Emergency Stop Signal (ESS)** To alert other drivers to stay clear, hazard lights flash automatically on sudden braking.

Hill Start Assist (HSA)** Helps to prevent the car from rolling backwards when the brakes are released on an incline.

Anti-Lock Braking System (ABS) To help you stay in control during emergency braking situations, ABS prevents the wheels from locking so you can steer to safety.

Minimum Turning Radius If you find yourself in a tight corner, a small turning radius of 5.4m lets you maneuver with ease.

3-Point ELR Seat Belts with Pretensioners and Load Limiters Pretensioners tighten to prevent the body from moving forward and load limiters reduce pressure on the chest.

ISO Fix Safely install and secure child car seats with ISO Fix, the global standard for child car seat safety.

* V variant only. ** E, V & Hybrid variants only. Actual model may vary in detail from image shown. Specifications may vary in detail from images shown and are subject to change without prior notice. Features also vary according to the different variants available.
SPORT HYBRID i-DCD
Intelligent Dual-Clutch Drive

EFFICIENCY THAT THRILLS.

The i-DCD system switches seamlessly between electric mode and thrilling sport mode with a combination of electric motor and engine power. It delivers performance equal to a 1.8L engine yet remains fuel efficient*.

Sport Mode
Experience exhilaration with Sport Mode.

Shift By Wire
Change gears seamlessly with a fully electronic gear shifter that's sleek and futuristic.

3D Illuminated Motor Cluster
The stylish and advanced Multi Information Display shows useful information such as energy flow, efficiency and more.

New 1.5L DOHC i-VTEC Engine with Idle Stop
Designed with performance and efficiency in mind. It switches off when idling to minimize fuel consumption.

7-Speed DCT with High Power Electric Motor
Dual clutches allow for quick gear shifting to enhance the thrill brought by the high power electric motor.

High-Power Lithium-Ion Battery
Powerful yet durable, the Lithium-Ion Battery has high capacity in a compact package.

Fully Electric Driven Compressor
A fully electric compressor reduces the load on the engine, allowing the air conditioner to cool when idle stop is activated.

Sporty Handling
Enhancements to suspension and connecting rods give the Sport Hybrid its distinctive agile handling.

Improved Noise, Vibrations and Harshness (NVH) Reduction
New insulators absorb outside noise and vibrations for a quieter and more comfortable drive.

Electric Servo Brake System
An integrated electronic control unit allows for a greater battery recharge rate when braking. This enhances braking comfort and gives a longer drive in EV mode.

*2010 Test Result for City Hybrid. 5.8L/100km.
