

HONDA

ODYSSEY

THE JOURNEY OF
ADVANCED TECHNOLOGY
CONTINUES WITH

Honda
SENSING

The luxuriously crafted Odyssey is now even more
technologically advanced with the addition of Honda SENSING.
Welcome aboard.

GRACEFUL SYMMETRY

LED Headlights And
LED Fog Lights

Signature Bumper And Grille

DISTINCTIVE ELEGANCE

Power Sliding Doors

Doors slide open automatically to make alighting from the Odyssey effortless.

17-Inch Alloy Wheels

For a smooth and elegant drive, the Odyssey is fitted with 17-inch Alloy Wheels.

Premium Captain Cradle Seats With Ottoman

Settle into the embrace of plush leather seats[^]
that conform to your favourite position.

[^]Combination leather.
Specifications may vary in detail from images shown and are subject to change without prior notice.

TIMELESS LUXURY

Premium textures. Refined black wood panels. The dashboard of the Odyssey reflects its meticulous standards.

Steering Audio Control And
Bluetooth Hands-Free Telephone

Manage your sound system and
phone calls from convenient
steering-wheel mounted controls.

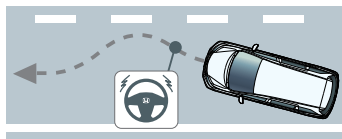

Specifications may vary in detail from images shown and are subject to change without prior notice.

Honda
SENSING

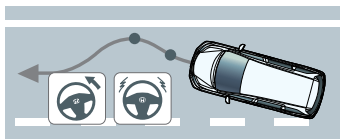

ADVANCED TECHNOLOGY

Honda SENSING* is our next generation technology that utilises a radar and camera to detect imminent danger and reduce the likelihood of collision.

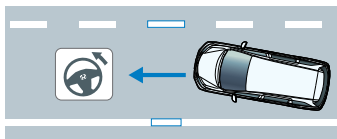

LANE DEPARTURE
WARNING

Monitors vehicle lane position using the camera and alerts the driver if they leave the lane without activating the turn signal.

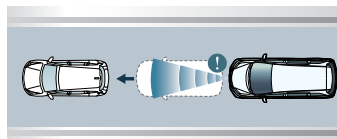

ROAD DEPARTURE
MITIGATION

Applies brakes and assists the driver's steering if camera detects the vehicle veering too close to the edge of the road.

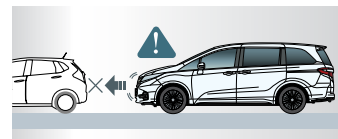

LANE KEEP ASSIST
SYSTEM

A camera reads lane markings and assists the driver's steering to keep the vehicle in the centre of its lane.

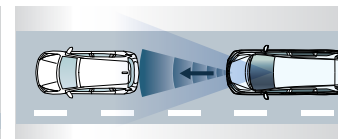

FORWARD
COLLISION
WARNING

Detects vehicles in front of the driver and triggers visual and audible alerts if the system detects a risk of collision.

COLLISION
MITIGATION
BRAKING SYSTEM

Assists in applying brake force progressively when it senses an increasing risk of collision.

ADAPTIVE CRUISE
CONTROL

Sets a fixed cruising speed and distance behind vehicle to maintain a safe driving distance.

PRIME PERFORMANCE AND SAFETY

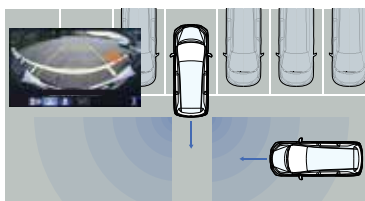

2.4L DOHC i-VTEC

Maximum power
129kW/6,200rpm
Maximum torque
225Nm/4,000rpm

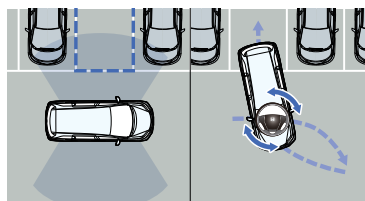

Honda's Earth Dreams Technology™

2.4 Litre DOHC i-VTEC engine
offers more torque with better
fuel efficiency.

Cross Traffic Monitor

The radar senses approaching vehicles when reversing and alerts the driver with warning sounds.

Smart Parking Assist System

Takes the guesswork out of parking by automatically steering you into the tightest spaces.

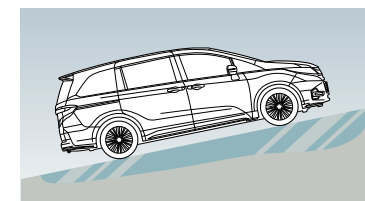

Multi-Angle Rearview Camera

Captures what the eyes could miss at junctions or parking areas with poor visibility.

Blind Spot Information

The side view mirror triggers a warning if oncoming vehicles are in the driver's blind spot.

Hill Start Assist

Prevents the Odyssey from rolling backwards when the brakes are released on an incline.
